

ARUN KARTHIK .N

FULL STACK ENGINEER

thearunkarthik.github.io | arunkarthik.n.dev@gmail.com | +91 89396 85453 | Chennai - India

PROFESSIONAL SUMMARY

Product-focused UI/UX & Full-Stack Developer with **3+ years** of experience crafting scalable digital platforms and intelligent user experienced in building **IoT dashboards** and **real-time monitoring** systems. Currently powering Devsbot (IIoT energy platform) at NiraiTek Solutions. DevOps automation, and cloud deployments. Actively leveraging Generative AI tools to accelerate development, optimize UI workflows, automate documentation and improve engineering productivity. Passionate about building data-driven products that blend design thinking, automation and AI-enhanced efficiency.

CORE SKILLS

Frontend Development: HTML5, CSS3, JavaScript, TypeScript, Bootstrap, Angular

Backend & Server-Side: Node.js, PHP, RESTful APIs, Python (Flask – basic exposure)

Databases: MySQL (RDBMS), MongoDB, Schema Design, Query Optimization, Data Modeling

Platforms & Infrastructure: Linux (Ubuntu, Debian), Docker, WordPress, AWS, Apache, Nginx

DevOps & Automation: Git, GitHub, CI/CD - GitHub Actions, Shell, Cron

UI/UX & Design Tools: Figma, Illustrator, XD, Canva, Wireframing, Prototyping, Mockups, User Story Mapping, Schematic & Solution Architecture Design

Digital & Growth Tools: SEO, Social Media Management, Content Creation, Email Campaign

Soft skills: Technical Documentation, User Guides, System Architecture Diagrams, Product Presentations

AI-Augmented Development: Leveraging Generative AI tools for Media, faster coding, UI prototyping, debugging, documentation automation, and productivity optimization.

EXPERIENCE

UI/UX DEVELOPER @NiraiTek Solutions | Chennai, TN,

Apr 2023 – Present

As a curious and attentive candidate,

took multiple responsibilities by having my hands on doing multiple roles such as,

Product-Focused Development - Built and shipped customer-facing, responsive web interface and tools that always aligned with product goals using relevant stack.

CX-Driven Designer: Designed and Owned end-to-end: intuitive UI/UX, wireframes, prototypes, and mockups ensuring Devsbot's design clarity and control.

Application Delivery and Deployment: Performed deploying workloads on both cloud/on-prem environments using Docker, WordPress, VMs and CI/CD reducing friction from dev to live.

Digital solutions: Led digital outreach by branding, campaigns; optimized SEO, managed social, and created content turning users into wins.

Soft skills: Transformed technical workflows into user guides, system docs, product documentation and presentations which helped teams and clients move faster with confidence.

Jumped across roles as dev, design, marketing, ops to unblock progress and deliver real value for the product's mission in the relevant field.

- 1.Created corporate PPT decks and technical documentation for global clients.
- 2.Specialized in business reports, sales decks, and marketing presentations, ensuring clarity and impact.
- 3.Created corporate PPT decks and technical documentation for global clients.

PROJECT

DevsBot – IIoT Product Platform @Niraltek

Apr 2023 - Present

Description

Led end-to-end digital experience for Devsbot, an IIoT platform for real-time energy monitoring and BMS. He architected responsive dashboards and intuitive interfaces for multi-device control, integrating auth, APIs, WebSockets, firmware updates, and payment systems. Beyond development, he owned deployment automation (Docker, CI/CD) and drove digital growth through SEO, content, and campaigns ensuring a seamless journey from web development and automation to brand awareness and user engagement.

AREAS OF INTEREST & HOBBIES

IoT and Embedded System	Digital Marketing & Solutions	Meme Creation
UAV & Drones	Content Creation	Backpacking
Software Development	Media Production and Editing	Continuous R&D and Learning

CHARACTERISTICS

Communication & Collaboration	Productivity & Focus	Troubleshooting
Creative Thinking	Quick Learner & Adaptive	Optimistic & Resilient Mindset
Ambitious & Goal-Oriented	Analytical & Problem-Solver	Leadership & Accountability

EDUCATION

VELS INSTITUTE OF SCIENCE, TECHNOLOGY AND ADVANCED STUDIES (VISTAS)	2018 - 2021
Bachelor of Science in Computer Science - CGPA - 7.29
